LETTER OF RECOMMENDATION

I am contented to endorse this letter of recommendation in favor of **Ms. Nikita** having registration No.11804865 for admission to your university. I know her for the past four years as an undergraduate student. I was able to gauge her innate abilities to understand the basic concepts and apply them to tackle the problems associated with it. Being a hospitality student, she is highly motivated, eager for knowledge and is always on the lookout to learn something new; her learning interest is revealed by her involvement in latest technologies. She is an attentive student in the class, receptive to new ideas and has concepts and her capacity for lucid presentation.

She has a great zeal for higher academics. During the course of my teaching I have observed her as an extremely hard working innovative and sincere student. She has a good grip over the fundamentals of the subject. Her ability to understand and analyse critical aspects of the subject is a rare trait which will surely hold her in good stead in her future endeavors. She has been interactive in the classroom and has shown keen interest to put into practice various aspects she has learnt in the classroom.

With her excellent communication skills and amiable nature she maintains a good rapport with faculty members and her peers. She is equipped with the right level of self-confidence and maturity to perform many challenging tasks that she undertakes. She also shows a great deal of interest in expanding her knowledge by close interaction with her faculty and active involvement in various extracurricular and departmental activities. Hence, I strongly recommend her to be considered as the potential candidate for admission to the master's program in your esteemed university.

I believe she can meet the high standards set by your college. I wholeheartedly recommend her and wish her the very best in all future endeavors.
