## LETTER OF RECOMMENDATION

### TO WHOMSOEVER IT MAY CONCERN

It is my great pleasure to write this letter of recommendation for Rita Singla, who should be given a chance to prove her mettle in the desired field of study. I have known Rita Singla since March 2019 in the Public Health Clinic while she has been a vital part of my team at Public Health Clinic, where she has been working as a medical officer. She is very experienced in her profession. Her skill practice is to diagnose the patient by taking history only and selection of medicines is much appreciable. Her line of treatment for the patients brings a smile on everyone's faces. Every patient recommends her to another one for her excellent professional skills.

She has core knowledge of Ayurvedic (herbal) medicines. Some chronic diseases like skin problems, joint issues, IBS, Obesity which has not permanent solution in Allopathic medicines, but Dr. Rita Singla is very expert to treat this type of cases in a very well way by advising them dietary changes according to specific disease, yoga, and ofcourse medicines also. She is not only a best Ayurvedic Physician but also a good human being too. She is always ready to help her colleagues in their professional and personal problems. My clinic is getting more publicity after recruiting such a punctual, honest and hardworking employee.

Based on our interaction I am certain that she will prove an invaluable asset to any organisations she joins, and thus I highly recommend you to accept Rita Singla for the Master Degree in your university. I am confident she will make an excellent addition to your university community.
