Letter of Recommendation

It is my great pleasure to write this letter in support of Mr. Rohit Kumar Duggal (batch 2015-18), Reg.No1538659 to your esteemed university. I have the feedback from various faculties who have taught Mr. Rohit Kumar Duggal and as per the feedback he has performed well in all the subjects.

His reports were always prepared on time, and he stood out among his peers for his eagerness to engage in the process of learning and discovery.

In addition to his confidence and eagerness to learn, he also made a good impression on every faculty due to his pleasant personality and good soft skills. Certainly, he seemed to always get on well with classmates and teachers. Even as an alumnus of the Institute he has contributed a lot through student mentoring and guidance sessions held in the department of ECE.

Based on my observation of his abilities, I strongly believe he has the potential to be an outstanding student at your university. I therefore recommend him for admission to your university. He has successfully completed his graduation in B. Tech in Electronic & communication Engineering. I wish him good luck for his future.
