

STATEMENT OF PURPOSE

Introduction

Hello! My name is Manpreet Singh, and I'm an Indian student applying for a student visa in the United Kingdom. I intend to apply to the Huddersfield University's Nursing - Adult programme in the United Kingdom. I am fairly certain that my educational experience has instilled in me the attributes required to succeed in this difficult course. I bring a deep understanding of the biology field with me. This paper summarizes my academic and professional qualifications, as well as my reasons for participating in the course and my graduation plans. In order to pursue my aim of studying on an international level, I require a visa from the UK High Commission. As a result, I'm sending you my statement of purpose for your review.

Academic Background

Let's talk about my academic history. I have finished my secondary education in 2018 from Punjab School Education Board with 72% marks. After that, I have completed my higher secondary education in 2020 from the science stream in which I scored 82% marks. Then to add more shine to my entire profile I have done IELTS and scored overall 7.0 bands (individually my scores are; Listening 8.5, Reading 6.5, Writing 6.0, Speaking 6.0) in the year 2021. After completing my school level study I was deeply interested to give a great flight to my career. Then I commenced working in a Guru Nanak Hospital as a Nursing staff in July 2020. After completing my study I will surely come back to my nation and I will start working in the best position there.

Why study in the UK?

This versatile nation has a remarkable history of welcoming international students to study at its best colleges and universities and those who decide to study in the UK will be rubbing shoulders with some of the brightest minds from all corners of the globe. It is crystal clear that UK education opens doors, wherever you enter in the world. Moreover, I truly think that this is the only platform that can give flight to my career in a remarkable manner. I think my decision to pick the UK for my international study is perfect and productive.

Why study at Huddersfield University?

As there are a wide variety of reasons to pick the UK, there are even more reasons why you should consider choosing Huddersfield University.

- Here at Huddersfield, I will be taught by some of the best lecturers in the country. The University is joint first in the UK for the proportion of professionally-qualified teaching staff. (HESA 2021)
- The University combines traditional teaching by highly qualified academic staff with digital resources to offer the best learning experience to its students.
- Huddersfield University offers courses with placement without any additional cost.
- The University engages with professional bodies and provides hundreds of students every year with industrial placements, which are available at both undergraduate and postgraduate level.
- In this university 100% of our students have the opportunity to undertake professional work experience during their studies.

Why Bachelor of Science - Nursing ?

I've always been fascinated by the fundamentals of life, having come from a scientific background. I believe that if I can improve my program-related talents, I will be better equipped to serve my country. Consider pursuing a Bachelor of Science in Nursing for a variety of reasons, some of which are outlined here.

- You'll spend 50% of your time in a range of placements across the 3 years of your study and will work alongside qualified health care practitioners.
- Their philosophy of nurse education encompasses flexible, progressive and innovative approaches ensuring you will be a caring, competent and critical thinking nurse.
- This university has remarkable teachers, and they take classes in small groups to ensure that every student understands every topic in a brief manner.
- The teachers were industry specialists who often brought genuine, hands-on material to the lecture, making our learning atmosphere engaging and intriguing.

Career Prospects

I believe that learning on a global scale will help me achieve my goals. The best health service manager position in a prestigious hospital is something I intend to land in the near future, and I am fully convinced that I can do so. All of my future plans are tied to India because of my familial responsibilities, not because of the country's great reach. My primary goal in coming to the UK is to acquire new and useful skills that I can bring back to my own country. Because I want to assist my country grow quickly. Listed below are some of the opportunities that will be waiting for me once I've finished this particular training course:

- Adult nurse
- Children's nurse
- Health play specialist
- Health visitor
- High intensity therapist
- Learning disability nurse
- Mental health nurse
- Health service manager
- Higher education lecturer
- Medicinal chemist

Future Prospects

If I am accepted into this programme, I will be grateful if the admissions committee takes my application into consideration. I hereby declare that I am fully aware of and intend to abide by all of the rules and regulations governing immigration to the United Kingdom and that I will do so throughout my time here. After completing my studies in the UK, I plan to return to India in search of the ideal employment opportunity. So, I believe that after completing my degree, I will be able to land an excellent position in an Indian hospital. I humbly ask that you grant me permission to study in the United Kingdom.

Warm regards,

Manpreet Singh
