

STATEMENT OF PURPOSE

Education is the power to think clearly, the power to act well in the world's work, and the power to appreciate life." – **Brigham Young**

Introduction

I appreciate the opportunity to introduce myself, and I thank you for giving it to me. Hello! I am Sahil Kamboj. I'm an Indian student applying for an Australian student visa, and here is my statement of intent. To that end, I've included as much information as possible about my academic and personal history, as well as where I get my motivation and why I want to pursue graduate studies in Australia. Personally and academically, I'm well-prepared for this opportunity. I studied humanities in high school and now hold a bachelor's degree. After completing my undergraduate degree, I sought out a class that would allow me to learn more about a subject that has always been a passion of mine. I looked at a lot of courses in my nation, but I couldn't locate one that met my needs. It was at Victoria University in Sydney that I discovered a programme leading to a Bachelor of Arts degree. I've prepared a statement of intent for your review in order to secure a visa to study in Australia.

Academic Background

Let's ride on the roller coaster of my academic background. I have successfully completed my secondary education with 68% marks from the Central Board of Secondary Education in 2019. Due to my interest in political science, I opted for the humanities stream. Moreover, I studied with full concentration and scored 84% marks from the Punjab School Education Board in 2021. To add more shine to my profile I attempted the IELTS exam and scored overall 6.0 bands in the year 2021. As I was a keen believer of the humanities field, I really aim to dig deep into that sector. I searched for many courses but then picked a Bachelor of Arts course. According to me, this course has the ability to uplift my entire career in a magnificent manner. After completing my Bachelor of Arts course at Victoria University in Sydney. I will come back to India and work in multinational firms in a respectful position.

About my family

I am privileged to disclose that I belong to a very loving and motivating family. My family is well aware of the truth that education is important in today's scenario. I have a nuclear family and my parents also encourage me to achieve greatness in the world. From primary to secondary level, my parents always supported me in every situation of life. My parents are well educated and always encourage me to study on an international level. My father is financially stable to support my study in Australia and will also bear all my expenses during my study.

Why Australia?

High-quality educational institutions, breathtaking scenery, exciting cities, and access to multiple oceans all contribute to the popularity of Australia as a study abroad destination among international students. Studying abroad may be a little intimidating, but the educational and personal benefits can be tremendous. Anyone interested in furthering their education while studying abroad should look no further than this vibrant nation. When it comes to studying in Australia, international students have a wide range of options to select from. One private university and two international institutions make up the country's 43 total universities. Six Australian universities made the list of the top 100 most prestigious universities in the world. It's safe to say that Australia is a cultural hotbed. It's a great opportunity to get out of your comfort zone and experience something new, but also to feel like you belong in the multicultural environment because of the sheer number of cultures. Some of the advantages of living in a multicultural society include a wide variety of cuisines, public international celebrations, and the opportunity to learn a new language.

Why Choose To Study in Victoria University?

The prominent reason why I picked this university is that it is a Creative Campus that empowers the students with practical skills and problem-solving know-how, gets them to collaborate with a diverse range of students and professors and delivers a unique learning environment that inspires them. Check out the below-listed pointers to know more about this university:

Offered skillset- We provide the creative, problem-solving and technical skills that students require to thrive in a fast-changing world. Practical learning, designed with our industry partners, is reinforced through industry application and supported by skills in communication, collaboration and leadership.

Globally Ranked- VU is ranked in the top 2% of universities worldwide by Times Higher Education World University Rankings 2021.

Greater flexibility - Teaching sessions are available in multiple combinations (morning, mid-morning, afternoon and evening), allowing you to plan your work and other activities. We also have multiple entry points and the option to fast-track or catch up on your studies during our winter and summer blocks.

Better results -After enrolling in this university not only will I pass but I will more likely to get better grades. Completing one or two subjects at a time helps build your confidence and see results from day one.

Overall Development - This particular university goes the extra mile to ensure that students get to experience an unparalleled academic and social experience while pursuing their courses.

Why Choose To Study Bachelor of Arts?

Majors in the humanities, fine arts, and social sciences can lay a solid basis for their future careers with a BA. There will be a great demand for people with strong communication, critical thinking and collaborative skills. Consider the fact that many professional occupations are better served by graduates who have completed a general first degree. I chose this university for a variety of reasons, including the following:

- **Great career opportunities:** This particular program truly strives to construct the entire future of the students and it also helps students to visualize past, present, and future patterns by linking and presenting information in meaningful ways.
- **Deep insight:** This program will surely offer me deeper insight and meaning of data sets for users by telling the story behind the information. This will prepare me to reliably predict trends and work on the humanitarian field of society. .
- **Wide variety of skills:** I will get a chance to learn a unique blend of theoretical knowledge and advanced applicable skills. Moreover, I will also learn large scale data manipulation, how to collect, curate, encode, and store data sets, which can be analyzed and mined in great ways.
- **Additional benefits:** I will gain critical thinking skills that demonstrate the ability to use existing and discoverable data to solve real life problems.

Career Outcomes

After pursuing a Bachelor of Arts course at Victoria University in Sydney, Australia. I am perfectly sure that I will be able to achieve all the hidden greatness present in this particular field. With the chosen program, I intend to brace my skills and build a strong network that will help me emerge as a higher professional. After completion of this program, I see myself holding the expertise that can help me add great transformation in my own country. I would like to come back to India to work in a multinational firm as a prominent Social Activist. Underneath are a few roles that I can choose in the future:

- Content Writer
- Book Author
- Journalist
- Social Activist
- Psychologist
- Foreign Language Expert (German, French, Chinese, Spanish, Japanese, etc.)
- Administrative Assistant
- Executive Assistant
- Associate
- Historian
- Archeologist

Future Prospects

I hereby declare that I am fully aware of the Australian immigration requirements and I intend to abide by those during my stay in Australia. After gaining great expertise from Australia, I see myself attaining a respectful position in a reputed multinational company in India. My true motive is that I will return to India & start my career here. My whole aim is to excel in the arts field in such a manner that it will bring out the best in me. I promise to abide by the rules and regulations of Australia and humbly request for granting me a visa to study in Australia.

Warm regards,

Sahil Kamboj

STATEMENT OF PURPOSE

Education is the power to think clearly, the power to act well in the world's work, and the power to appreciate life." – **Brigham Young**

Introduction

Hello! My name is Sahil Kamboj, and I've spent my whole life focused on the most fundamental aspects of living. I am an Indian student submitting a statement of intent in support of my application for an Australian student visa. I want to give you complete information about my academics, personal background, source of inspiration, and basic purpose to apply for graduate study in Australia through this application. Personally and academically, I am well prepared. With a humanities background, I graduated from high school. I was seeking a course to assist me discover new prospects connected to my passion after finishing my academic studies. I'm putting together a statement of purpose for you to review in order to get an Australia study visa.

Academic Background

Let's take a spin on the academic roller coaster that is my background. In 2019, I received a 68 percent grade from the Central Board of Secondary Schooling, completing my secondary education. I chose the humanities track because of my interest in political science. Furthermore, I studied diligently and received an 84 percent grade from the Punjab School Education Board in 2021. In order to polish my resume, I took the IELTS exam in 2021 and received an overall score of 6.0 bands. As a firm believer in the humanities, I intend to delve deeply into that field. I looked at a lot of courses before settling on a Bachelor of Arts programme. This course, in my opinion, has the potential to significantly improve my entire career. After graduating from Federation University Australia with a Bachelor of Arts degree. I plan to return to India and work in international corporations in a respectable capacity.

About my family

I have the honor of revealing that I come from a very loving and motivating family. My family is highly aware of the importance of education in today's society. My parents also inspire me to pursue success in the world because I come from a nuclear household. My parents have always supported me in all aspects of my life, from elementary through secondary school. My parents are both well-educated and continuously push me to pursue studies on a global scale. My father is financially well enough to fund my study in Australia, and he will also cover all of my expenditures while I'm there.

Why Australia?

The appeal of Australia as a study abroad destination among international students is due to its high-quality educational institutions, magnificent scenery, dynamic cities, and access to several oceans. Although studying abroad can be daunting, the educational and personal benefits can be enormous. This thriving country should be considered by anyone interested in enhancing their knowledge while studying abroad. International students have a wide choice of alternatives when it comes to studying in Australia. The country's 43 universities are made up of one private university and two international institutions. Six Australian universities were named among the world's top 100 most distinguished universities. Australia is unquestionably a cultural hotspot. Because of the sheer amount of cultures, it's a fantastic opportunity to step outside of your comfort zone and try something new, as well as to feel at home in a multicultural setting. A diverse range of cuisines, public international holidays, and the opportunity to learn a new language are just a few of the benefits of living in a multicultural culture. After completing my education from Australia I will surely return back to my own nation. I will surely work in a respectable position in the best firm.

Why Choose To Study in Federation University Australia?

The main reason I chose this university is that it is a Creative Campus, which provides students with practical skills and problem-solving knowledge, allows them to collaborate with a varied group of students and instructors, and provides an inspiring learning atmosphere. This university has a long and illustrious history, and it is considered one of Australia's oldest higher education institutions. To learn more about this university, look over the following resources:

- **Personalized instruction:** Here the students can communicate freely with academic staff and other students thanks to a tailored learning method in a friendly environment. Their class numbers are considerably smaller than those at most major universities, allowing you to receive one-on-one help from your lecturer or tutor.
- **Resources of excellent quality:** Their instructional facilities and equipment are of the greatest quality, ensuring that our students are well equipped for careers in industry and research.
- **The student body is diverse:** Federation University's student body is made up of students from all over the world. This fusion of Australian and international cultures will make your on-campus experience enjoyable and enriching.
- **An enabling environment:** They are a number one university for student support, and we're known for our welcoming and friendly environment. The International Student Support team offers guidance and support through a variety of programmes

and services, including the Peer Support Program, social activities and information, and one-on-one help.

Why Choose To Study Bachelor of Arts?

This course will surely offer me a High-quality instruction in a personalized learning environment. There are a wide variety of internships, major projects, professional experience, and field trips available to undergraduates. Their graduates have some of the best job prospects in the country. The arts school of this university has a strong sense of civic responsibility.

Activities: Exhibitions, concerts, public seminars, community initiatives, advocacy, pop-up stores, and volunteer work are just some of the activities that students and faculty participate in.

Wide variety of skills: I will get a chance to learn a unique blend of theoretical knowledge and advanced applicable skills.

Great career opportunities: This particular program truly strives to construct the entire future of the students and it also helps students to visualize past, present, and future patterns by linking and presenting information in meaningful ways.

Deep insight: This program will surely offer me deeper insight and meaning of the arts field for users by telling the story behind the information. This will prepare me to reliably predict trends and work on the humanitarian field of society.

Additional benefits: I will gain critical thinking skills that demonstrate the ability to use existing and discoverable data to solve real life problems.
