

Figure 1 consists of seven sub-diagrams arranged vertically, each showing a graph with nodes and edges. The graphs are connected by arrows indicating a sequence of steps. The edges are color-coded: blue for edges in the current step, yellow for edges that have been added to the tree, and grey for edges that have been rejected. The steps show the iterative construction of a minimum spanning tree by adding edges that do not create a cycle or a vertex with a degree greater than 2, and rejecting edges that do.
